

LSI AT A GLANCE

Understanding life, improving health.

ABOUT THE LSI

Approved by U-M Regents in **1999**;
opened in **2003**

Open lab design with **230,000**
square-feet of space

Emphasis on research **innovation**, and
immersive student and trainee **education**

WHO WE ARE BY THE NUMBERS

22 Principal faculty members	4 Affiliate faculty members	1 Emeritus faculty member	Approximately: 40 Postdoctoral fellows	60 Graduate students	40 Undergraduate students
Including: 3 Howard Hughes Medical Institute investigators	5 National Academy of Medicine members	3 National Academy of Sciences members	30 Research-track faculty	30 Research staff	40 Administrative staff

SCIENTIFIC FOCI

- Cancer Biology
- Cell Biology
- Chemistry & Chemical Biology
- Drug Discovery
- Infectious Diseases
- Metabolism and Obesity
- Neuroscience & Neurological Disease
- Stem Cell Biology
- Structural Biology

FUNDING

\$20M
annual research revenue

\$257M
since inception

ALSO AT THE LSI

- Center for Chemical Genomics
- Center for Structural Biology
- Cryo-electron Microscopy Facility
- Perrigo Undergraduate Summer Fellowship
- Aspirnaut Summer Research Internship Program

CAMPUSWIDE PROGRAMS ADMINISTRATED BY THE LSI

- Center for the Discovery of New Medicines (co-sponsor)
- U-M Program in Chemical Biology
- Michigan Life Sciences Fellows program

CAMPUS CONNECTIONS

Our principal faculty members hold joint appointments in the following departments:

Medical School

- Biological Chemistry
- Cell and Developmental Biology
- Human Genetics
- Internal Medicine
- Microbiology and Immunology
- Molecular and Integrative Physiology
- Pediatrics and Communicable Diseases

College of Literature, Science, and the Arts

- Biophysics
- Chemistry
- Molecular, Cellular and Developmental Biology

College of Pharmacy

- Medicinal Chemistry

School of Dentistry

- Biologic and Material Sciences
