LSI AT A GLANCE

Understanding life, improving health.

ABOUT THE LSI
Approved by U-M Regents in 1999; opened in 2003
Open lab design with 230,000 square-feet of space
Emphasis on research innovation, and immersive student and trainee education

WHO WE ARE BY THE NUMBERS

Including:
- 3 Howard Hughes Medical Institute Investigators
- 5 National Academy of Medicine Members
- 3 National Academy of Sciences Members

SCIENTIFIC FOCI
- Cancer Biology
- Cell Biology
- Chemistry & Chemical Biology
- Drug Discovery
- Infectious Diseases
- Metabolism and Obesity
- Neuroscience & Neurological Disease
- Stem Cell Biology
- Structural Biology

FUNDING
- $21M annual research revenue
- $237M since inception

ALSO AT THE LSI
- Center for Chemical Genomics
- Center for Structural Biology
- Cryo-electron Microscopy Facility
- Perrigo Undergraduate Summer Fellowship
- Aspirnaut Summer Research Internship Program

CAMPUSWIDE PROGRAMS ADMINISTERED BY THE LSI
- Center for the Discovery of New Medicines (co-sponsor)
- U-M Program in Chemical Biology
- Michigan Life Sciences Fellows program

CAMPUS CONNECTIONS
Our principal faculty members hold joint appointments in the following departments:

**Medical School**
- Biological Chemistry
- Cell and Developmental Biology
- Human Genetics
- Internal Medicine
- Microbiology and Immunology
- Molecular and Integrative Physiology
- Pediatrics and Communicable Diseases

**College of Literature, Science, and the Arts**
- Biophysics
- Chemistry
- Molecular, Cellular and Developmental Biology

**College of Pharmacy**
- Medicinal Chemistry

**School of Dentistry**
- Biologic and Material Science
